**Davos** was once a famous health resort and is now renowned for holding the World Economic Forum. It is one of Switzerland's premier ski destinations during the winter months. A 4 kms strip of land, Davos is made up of Davo Dorf and Davos Platz and the 2 villages are linked by a vast array of shops, restaurants and other amenities. We have included a Davos Klosters Card which allow guests to travel on the local buses and cable cars.

The highlight of this trip must be the 'Glacier Express' - the slowest express train in the world!, a spectacular 5½ hour train journey from Chur to Tasch near Zermatt. This train travels through Switzerland's mountains, valleys, sparkling rivers, lakes and picturesque alpine villages. The train crosses nearly 300 bridges and almost 100 tunnels. Lunch is included onboard the Glacier Express. **We are delighted to offer the first 20 bookings on this trip a free upgrade to first class.**

Travelling onwards to Zermatt which is located south-west of Switzerland, the German speaking part of the canton of Valais we spend 2 nights. The car free village of Zermatt nestling at the foot of the Matterhorn is surrounded by 38 four thousand-metre peaks. Strolling is not the only means of transport in Zermatt Village. Your choice includes cable cars, electric taxis and horse drawn carriages which are available to take you in comfort to your destination!
